

2022/2023 Athletics (week of October 11)

Cross Country

Our season wrapped up with two meets. Our runners did well. Thank you to Ms. Davidov for coaching and getting our athletes prepped and ready to race!

Ultimate Frisbee

Ultimate season is now complete. Our team was very competitive and motivated. Stay tuned for more information regarding a youth league that will be running out of the new Tolmie all weather fields.

Basketball

Our junior and senior boys competitive teams are up and running. Our junior girls rec team had their first practice and are ready to go! Coaches will be sending out game and practice information in the coming weeks. Players can also access information on the Monterey athletics bulletin board. There are still quite a few boys interested in playing basketball. Any interested community coaches should contact Monterey's athletic director (jgammon@sd61.bc.ca). The deadline for submitting teams for this season is next Wednesday.

Volleyball

The season doesn't officially start until after the winter break but we will be running some skills practices for boys and girls in the coming weeks. Please stay tuned for more information
