

AI: Workshop for Parents

Monterey Middle School

April 16th

7pm-8:30pm

Join us for a session that will help parents to understand the basics of what **AI** is and not. Attendees will leave feeling more empowered to have the crucial conversations with their families about the unique obstacles and opportunities that **AI** poses for our times, and particularly for the next generation.

About the Presenter:

[Rishi Behari](#) is professional coach, consultant, educator, speaker, and commentator across media, specializing in addressing the intersections of AI and technology with the realities of modern society, work, and life. The former Associate Director of the world's first premiere master's business program to merge education in AI and technology with business fundamentals, Rishi also teaches and lectures in these areas in post-secondary education. As an extension of his work in the classroom, Rishi continues to lead and advocate for innovation and a critical dialogue around AI and related issues, within and beyond academia. Rishi's ongoing consulting has him embedded in conversations with, and gleaning insights from working with some of the most well known and trusted brands in the world.

Please register so we know how many are attending on the link provided.
